2021-2022 V4 Verification Worksheet

The Department of Education has selected your FAFSA for a review process called *verification*. In this process, the financial aid office will be verifying your high school completion status and identity. Federal regulations require colleges to verify this information before disbursing federal aid. If there are differences between your application and the documents you provide, your FAFSA information will need to be corrected by your Financial Aid Administrator. *This could result in a change of your federal aid eligibility and your current financial aid package*.
